Make Ready and Installation Services

LPEV-SitePrepInstall	LilyPad EV's electrical subcontractor will bring power to site of charging station(s) and prepare mounting base(s). Based on input from the electrical subcontractor after a visit to the site, LilyPad EV will provide a site prep and installation scope and price quote to the customer. Each location is different, so a cost cannot be provided until the site survey has been completed. EV Parking Signs and EV Parking Lot painting can be included in the scope if the customer wishes.	cost plus 15%		cost plus 10%
